

Why Is recalling Supervisor Bruce Gibson so Important?

- Supervisor Gibson is committed to raising your taxes and increasing County fees
- He continues to push policies favoring large water investors effectively (and illegally), preventing thousands of property owners from using water—violating their Constitutional rights
- Gibson took road maintenance and *emergency* repairs off the budget priority list and made homelessness the top priority while redirecting tens of millions of taxpayer dollars to mental health, homeless “services,” and non-governmental agencies while crime and homelessness continue to worsen under the new Supervisor Board majority

Only registered voters in the former District 2 are eligible to sign the petition. That includes residents of the City of Atascadero, rural West Templeton, rural West Paso Robles, San Miguel Community Services District, Lake Nacimiento, Oak Shores, Heritage Ranch, and the coastal communities of San Simeon, Cambria, and Cayucos.
